SAFETY

# STYLISH DESIGN

## Timeless classics meet a new favourite

There is always room for the basic white and ivory colours because they blend perfectly with every room design. For something different, **Belanko™ S** also offers the anthracite finish.

Glossy finish for easy cleaning

Thin matt finish edging for a distinctive look

Slim profile for a modern touch

### Subtle enhancements that make a difference

Essentials always work. **Belanko™ S** ticks all the boxes for the essential range with a little extra – premium quality, clean lines, smooth surface and slim profile.

White

Anthracite

Ivory<sup>1</sup>

# SAFE AND SWIFT INSTALLATION

**Flexibility**  
Oblong shaped holes provide flexibility for easy adjustment when the switch is not set straight

**Safe installation**  
No access to live metal parts even if the cover plate and plate are not installed

**All-in-one**  
Switch plate and rocker are supplied as a set to enable quick installation

**Robustness**  
Ribs make the switch sturdy

**Easy wiring**  
Save time with ready-to-wire screw terminals

## Safer for the installer, safer for the user

We share the same goal. To get the job done fast, safely and perfectly. **Belanko™ S** was engineered to meet just that purpose.

**Just one click**  
Clip up to a 4 gang switch single-handed

**Perfect protection for a neat result**  
The soft protection film keeps the product safe from dust and scratches until the work has been completed. Only the soft protection film will get stained by the ongoing wall paintwork.

# STRONG OFFERINGS

3 gang switch

4 gang switch

Switched fused connection unit with neon and cord outlet

Above standard selection for standard homes

There is no place like home. Make it comfortable and optimal for modern lifestyles.

Universal dimmer suitable for all modern loads

Dimmable LEDs

Dimmable compact fluorescent lamps

Halogen with electronic or ferromagnetic transformer

Incandescent and halogen lamps

BS socket outlet with USB A-Type charger and IP55 cover

**Suitable for outdoor use**

The splash-proof cover allows a 1 gang Belanko™ S mechanism to be installed in outdoor environments. It also ensures protection against dust. With plug engaged, IP55 protection is maintained.

# SENSIBLE FUNCTIONS FOR HOTELS

Indicator for corridor

Key card switch

Internal control unit

Keystone data socket

## A comprehensive range of hospitality applications

The best compliment for a hotel is when guests feel at home. Now, be a hospitable host at all times with **Belanko™ S** thanks to its hospitality functions.

Compliant with Guest Room Management Systems for hotel operators to efficiently control and manage facilities

# SCALABLE SETUP

## Infinite possibilities with limitless combinations

There is no need to settle for less. **Belanko™ S** works both independently and with the Arteor range. The Arteor adaptor offers perfect versatility for your every need – hospitality, residential and commercial projects.

...and more.

Guest Room Management System

The Room Controller Unit, Cat.No 048408 or 048412, associated with mechanical Belanko™ S functions can manage the lights, sockets outlet, ventilation and curtains independently in each room. It can be integrated with the Building Management System (BMS) and the Property Management System (PMS) in order to enable a global management of the building and the hotel's operations.

For integration of Arteor functions, see Arteor offer

For complementary information on the Room controller, please contact us
